This leaves three aspirants in the field, Mayor Caldwell, Mr. J. P. Maxwell and George W. Connel.

THEY DID NOT GO.

Elkins Cadets Flickered on Going to Barnesville—A Sufficiently Large Turn-out was Not Secured.

The Elkins Cadets announced that they would go to Barnesville last night to attend the big Republican jollification, but as the committee in charge of the proposed trip could not secure the assurance of a crowd sufficiently large to meet the Baltimore & Ohio railroad for the special train, the boys did not go. The Blackburn Cadets of Bellaire, were to have gone with the Elkins Cadets, but they, too, failed to go. The following special dispatch to the Intelligencer from Barnesville, tells of the jollification:

Notwithstanding the body blow dealt us by the Elkins Cadets, of Wheeling, and the Blackburn Cadets, of Bellaire, in not coming to-night, in the face of the announcement that they would come by special train, the great campaign and magnificent victory in the name of the "advance agent of prosperity," came to a triumphant close here by the Republicans of this place and vicinity celebrating as they had never celebrated before. Intense enthusiasm prevailed and fireworks, flags and bunting portraits, songs, music and cheers enlivened the evening of March to a degree never before equalled, even in this hot-bed of Republicanism. The Elkins Cadets would have found the company fast enough and justified their coming, even in the face of the rather cold weather. Aside from their absence the demonstration was a big success in every particular.

Six Footers Reorganize.

The H. C. Richards' Six Footers, at a well attended meeting last night, decided to disband and re-organize as the Republican Six Foot Club, of Wheeling. The following officers were elected: President, H. P. Maxwell; first vice president, D. J. Lewis; second vice president, James Rankin; corresponding and recording secretary, Charles L. Ebeling; financial secretary, W. P. McNary; treasurer, William McGannon. The officers, with Charles Ray, William Taylor and William Lupton constitute the board of directors. A charter will be taken out and a room rented. At last night's meeting a resolution was passed endorsing Mr. Samuel Sloan for the position of jailer at the county jail.

RIVERSIDE BLOWS IN.

The Renowned Blast Furnace Starts on what is Said to be a Steady Run.

The blast furnace of the Riverside iron works at Benwood blew in at half-past six o'clock Thursday evening. The furnace promises to have a steady run, and has given employment to 250 additional men. This is one of the attendant features of McKinley's election, and the men employed join with the community at large in rejoicing over the furnace's resumption.

Mrs. Bemis.....Grace Armstrong
Mrs. Miller.....Mary McHenry

Catarrh Means Danger.

Because if unchecked it may lead directly to consumption. Catarrh is caused by impure blood. The fact is fully established. Therefore, it is useless to try to cure catarrh by outward applications or inhalants. The true way to cure catarrh is to purify the blood. Hood's Sarsaparilla, the great blood purifier, cures catarrh by its power to drive out all impurities from the blood. Thousands of people testify that they have been perfectly and permanently cured of catarrh by Hood's Sarsaparilla.
